## ASK

### MONDAY

As a response to God's goodness, think about two different things for which you are thankful. Now take it a step further. Find a way to express your gratitude through journaling, posting on social media, or telling someone.

### TUESDAY

In order to live in obedience and humility before God, his desire is for us to continually confess our sins. What idols distract you? What sins weigh you down? Find someone with whom you can be accountable about these struggles.

### WEDNESDAY

Jesus' life is one of service with no expectation of return. How should you reflect this life of serving? What if your primary approach to people was by asking, "How can I help you?"

### THURSDAY

Find one specific promise in Scripture (even if you have to Google one!), and write it down somewhere you easily reference throughout the day. What does that promise say about God?

### FRIDAY

In all of life, God ultimately asks that we trust him. In what area(s) of life is it difficult to trust right now? Are there obstacles preventing you from fully trusting God? In what way(s) do you need to more actively believe God and his promises today?

### SATURDAY

Think of three people you know who are currently in need of a greater experience of God's grace and peace. They may be sick, emotionally fragile, angry, or not have a relationship with God. Pray they would begin to see their continued need for God's love in their lives. Ask God how he might want you to partner with him to bring them peace.
